

PRODUCT DATA SHEET

1. PRODUCT NAME

PROFESSIONAL EFF-STOP EFFLORESCENCE REMOVER

2. MANUFACTURER

Professional Products of Kansas, Inc.
4456 South Clifton
Wichita, Kansas 67216
Phone: (800) 676-7346
Fax: (316) 522-9346

3. PRODUCT DESCRIPTION

Basic Use: PROFESSIONAL EFF-Stop Efflorescence Remover is designed to dissolve efflorescence on masonry surfaces and help to control its return.

Composition and Materials:

PROFESSIONAL EFF-Stop is a mildly acidic soap solution and will not harm adjacent surfaces such as wood, paint, aluminum trim, glass, etc.

Limitations: May require dilution prior to application on soft brick. Apply to an inconspicuous area to evaluate effects prior to use on any substrate.

Storage: Shelf life is 1 year.

4. INSTALLATION

Application: Apply directly to efflorescence with a low pressure or pump-up sprayer. Allow PROFESSIONAL EFF-Stop Efflorescence Remover to work for 2 to 5 minutes. Wherever foam remains, repeat application until no foaming is evident. To inhibit the return of efflorescence, rinse thoroughly with water, allow the surface to dry completely (24 to 48 hours depending on weather conditions) and seal with PROFESSIONAL® Water Sealant. Cover plants and vegetation to protect from product overspray.

Coverage Rates: Coverage rates will vary with the thickness of the

efflorescence. Coverage for powder type efflorescence will be approximately 75 square feet per gallon. Thick, hard, ivory colored ("Cueball") efflorescence will require additional applications and the use of a pressure washer to remove loosened scale.

5. SAFETY INFORMATION

Avoid excessive exposure and breathing of vapor. Avoid contact with skin or clothing. Wash thoroughly after handling. Wear protective gloves and goggles during application.

6. FIRST AID

Inhalation: Remove to fresh air. Contact physician.

Skin: Remove contaminated clothing and shoes. Wash exposed area thoroughly with soap and water. Wash clothing before reuse.

Eyes: Flush eyes with water for 15 minutes. Contact physician.

Ingestion: DO NOT INDUCE VOMITING. Contact Physician.

7. AVAILABILITY AND COST

Availability: PROFESSIONAL EFF-Stop Efflorescence Remover is packaged in 1 gallon (3.785 liter), 5 gallon (18.83 liter), and 55 gallon (208.20 liter) containers. Contact manufacturer for authorized distributors.

Cost: Contact an authorized distributor.

8. WARRANTY

Limited Warranty: Professional Products of Kansas, Inc. warrants this product to be free from defects for 1 year from date of purchase. If the product fails to perform as stated when applied in accordance with Professional Products of Kansas' application instructions, Professional Products of Kansas will provide sufficient product to retreat the specific area where failure has occurred. This warranty excludes

labor costs, direct, incidental or consequential damages and IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS.

9. TECHNICAL SERVICES

Complete technical service and samples are available from the manufacturer.
