Professional Products of Kansas, Inc.
4456 South Clifton
Wichita, Kansas 67216
Phone: (800) 676-7346
Fax: (316) 522-9346

3. PRODUCT DESCRIPTION

Basic Use: PROFESSIONAL Phase II Cleaner is an ecologically acceptable graffiti remover designed to work best when used in conjunction with PROFESSIONAL® Water Sealant Anti-Graffitiant. PROFESSIONAL Phase II Cleaner may also be used alone on many non-porous surfaces to remove most types of graffiti in a single application.

Composition and Materials:

PROFESSIONAL Phase II Cleaner is biodegradable and environmentally safe. Does not contain methylene chloride, MEK or caustic. It has a citrus aroma.

Limitations: Product efficiency is reduced below 40°F. Always apply to an inconspicuous area prior to use.

Storage: Shelf life is 2 years. Store in a cool place.

4. INSTALLATION

Application: PROFESSIONAL Phase II Cleaner can be applied directly to graffiti with a low pressure sprayer, brush, or roller. Allow PROFESSIONAL Phase II Cleaner to work for 5 to 10 minutes. Agitate hard to clean areas (small crevices, holes, and grooves) with a stiff bristle brush to help remove graffiti. Spray surface with water using a hose or power washer. Power washer not to exceed 1000 p.s.i. Use of any other cleaner to remove graffiti from surfaces treated with PROFESSIONAL®

Water Sealant Anti-Graffitiant could damage or remove the Anti-Graffitiant.

Clean Up: Collect residue and dispose of in compliance with local, state and federal regulations. In many cities, waste can be disposed of directly to the sewer after the removal of oils and contaminants. Check with local authorities to ensure compliance.

5. SAFETY INFORMATION

Avoid excessive exposure and breathing of vapor. Avoid contact with skin or clothing. Wash thoroughly after handling. Keep away from heat and ignition sources. Wear protective gloves and goggles during application.

6. FIRST AID

Inhalation: Remove to fresh air. Contact physician.

Skin: Remove contaminated clothing and shoes. Wash exposed area thoroughly with soap and water. Wash clothing before reuse.

Eyes: Flush eyes with water for 15 minutes. Contact Physician.

Ingestion: DO NOT INDUCE VOMITING. Contact Physician.

7. AVAILABILITY AND COST

Availability: PROFESSIONAL Phase II Cleaner is packaged in 1 gallon (3.785 liter), 5 gallon (18.93 liter), and 55 gallon (208.20 liter) containers. Contact manufacturer for authorized distributors.

Cost: Contact an authorized distributor.

8. WARRANTY

Limited Warranty: Professional Products of Kansas, Inc. warrants this product to be free from defects for 2 years from date of purchase. When applied to graffiti on surfaces that have been properly treated with PROFESSIONAL® Water Sealant Anti-

Graffitiant, and in accordance with Professional Products of Kansas' application instructions, the product will remove the graffiti. If the product fails to perform as stated, Professional Products of Kansas will provide sufficient product to retreat the specific area where product has failed. This warranty excludes labor costs, direct, incidental or consequential damages and IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS.

9. TECHNICAL SERVICES

Complete technical service and samples are available from the manufacturer.
